

## Asia My Love

Sitting in this Asian town  
Wondering where I'm bound, I don't know.  
Shuffling my life around,  
Tell me my love, do you know

Where's an answer to be found  
Why do these voices make no sound  
Why's your face a different brown  
Each time I turn around?

Asian faces don't ask why,  
They ~~watch~~smile, they smile~~watch~~, both yes and no.  
Wondering, as my life slides by,  
My love, tell me, tell me before you go

Why this beauty gets me down  
Why's my ticket homeward bound  
Why's your face a different brown  
Each time I turn around?

Asia my love

*(bridge)*

I touch your face, I see you sigh,  
It's you who spread my wings, does it show?  
Another bird that flew too high,  
Tell me, my love, I have to know

Why this loving gets me down  
Why these voices make no sound  
Why's your face a different brown  
Each time, each time I turn around

Asia my love! Why  
Am I still in this town  
Why do these voices make no sound  
Why's your face a different brown  
Each time, each time, each time I turn around?

|        12 string  
E minor riff with Cdim Amin and Fdim ...  
h/o  
Now adding another bridge part

## NIRVANA SIXTY THREE

Here at the edge of time  
We give a damn so lightly  
You eat my soul every time you look at me.  
Every day we change our minds  
Our words all bend just slightly  
None of this makes sense until we break free

And if truth could grow on trees  
Or lies fly on the breeze  
Samsara's in Nirvana  
And Nirvana's in room number 63

If I love you another day  
There'll be blindfolds on the skyline  
Seeing you never gets you to seeing me  
And if I let you go away  
There'll be darkness in the daytime  
This is as good as it gets, and as damned as it's free

And if hell should start to freeze  
Or if thank you could be please  
Samsara's in Nirvana  
And Nirvana's in room 63

And when heaven is on her knees  
And truth is growing on trees  
Ah, Samsara's in Nirvana  
And Nirvana, she's in room 63  
She's in 63.

(... or is it 64)

## **WHO ARE YOU**

Who are you who am I  
Miracles in time and space  
Opening each others' eyes

Who are you who am I  
Sorcerers of light and grace  
Feel this magic rise

Love is an artist  
She has no time and no age  
I'm the drawing, you're the page

Who are you who am I  
Strangers in an unknown place  
Listening to our surprise

Who are you who am I  
Miracles, face to face  
The laughter in each other's eyes

So love, me, my artist  
Beyond time, beyond age  
Love's our drawing, life's our page

(repeat)

*Capo on 2*

## **ONCE UPON A RHYME / TIME TO SHINE**

*Once upon a rhyme  
I came across a woman playing  
Who dreamed, and sang, and raged, and laughed  
Just like me; but in her own way and time,  
As I had always dreamed of,  
More lovely than any dream of mine*

*Love's not all it seems,  
It's a place we can't define  
Where there's no perfect rhyme, for perfect  
Is music of a lesser kind.  
Here I belong; now, at last  
It's time to shine*

*Once upon a time  
That woman left me playing  
I still dream, and cry, and sing, and laugh  
Just like her; but in my own way and time,  
And all my life is new again  
And all the world is mine*

*So life's not all it seems,  
In a world we can't define  
Where there's no perfect rhyme, for perfect  
Is a world of a different kind.  
Here I belong; soon  
It's time to shine*

*Now that she's gone, I have to start again  
Sad that she's gone, but the world will still turn again  
Now that she's gone, still it's time to shine*

*(repeat)*

## MEND MY HEART

How many times have you said you're leaving  
Break my heart, and then relieve me  
How many times will I see you go  
Out through that door, and just not know?

How many times will you say it's through  
And tell me there's nothing, nothing I can do  
To make you change your restless mind  
And turn, and stay - one more time

I know I'm wrong, I know you're right  
And I can't help it, but oh my love  
I didn't want to fight

How many times will you say you love me  
And make me thank all the stars above me  
How many times must we be apart  
Oh my love, how many times will you break my heart?

There's no wrong, and there's no right  
And we can't help it, but oh my love  
We didn't need to fight

How many times will you say you love me  
How many times will we make a new start  
Oh my love, how many times  
Will you mend my heart

(repeat twice)
